Product: QBHP684E-UVXXXYS_series	Date: February 03, 2017	Page 2 of 11
	Version# 1.2	

Introduction

Introduction	
Feature:	Application:UV curing
 3W High Power UV LED Clear Lens	UV curingUV marking
Packed in tape and reel	Purification
• ESD rating: 8KV (HBM)	Inspection
• Viewing Angle: A=60°, B=120°	 Sterilization and Disinfection
Description: This 3W high power UV LED has compact size of 3.5 x 3.5mm. It is ideal for various UV applications.	 Certification & Compliance: TS16949 ISO9001 RoHS Compliant
Outline Dimensions:	
60°	
P

Disclaimer

QT-BRIGHTEK reserves the right to make changes without further notice to any products herein to improve reliability, function or design. QT-BRIGHTEK does not assume any liability arising out of the application or use of any product or circuit described herein; neither does it convey any license under its patent rights, nor the rights of others.

Life Support Policy

QT-BRIGHTEK's products are not authorized for use as critical components in life support devices or systems without the express written approval of QT-BRIGHTEK. As used herein:

1. Life support devices or systems are devices or systems which, (a) are intended for surgical implant into the body, or (b) support or sustain life, and (c) whose failure to perform when properly used in accordance with instructions for use provided in the labeling, can be reasonably expected to result in a significant injury of the user.

2. A critical component in any component of a life support device or system whose failure to perform can be reasonably expected to cause the failure of the life support device or system, or to affect its safety or effectiveness.
